2.7 Language. If the Rules are translated into any language other than English, the English language version of the Rules will govern and control in the event of any conflict with the translated version.

2.8 Section Headings. The section, subsection, paragraph, and item headings, subheadings, and captions shown in the Rules are for convenience of reference only and will not affect or be utilized in construing or interpreting any word, phrase, provision, or section in, or all or any portion of, any Rule or set of Rules.

- 11.2 Start Zones; Staggered Starts.

Any reference to start times in the Rules will be to the start time applicable to the particular rider's start zone.
- 11.2.2 The start zones will close strictly ten (10) minutes before their start time. Teams arriving late must start at the back of the field.
- 11.2.3 Riders must enter the start zone as a team or individually with their bikes, and once entered must remain in the start zone with their bikes.
- 11.3 Call Ups. In start zones where provision for a call up has been made, eligible teams (as indicated in the seeding index) are entitled to line up at the front of their respective start zone. Additional requirements for call-ups may be applicable to specific Races.

- 12.1.4 The responsibility for following the official route lies with each rider.
- 12.2 Route/Distance Variances. The actual Race route or distance may vary from the published or briefed distance.

13 Prohibited Equipment

- 13.1 Audio. The use of earphones/ear buds or two-way radios (i.e., 'walkie-talkies') is not allowed during the Race.
- 13.2 Cameras. Cameras (which includes video cameras) may be mounted on the rider's bike, but not on the rider (including the rider's helmet or chest). Cameras mounted on the rider's bike must be positioned in a safe location and manner and cannot protrude an unreasonable (in the Race Jury's opinion) distance from the bike (for example, no 'selfie' sticks).
- 13.3 Other Equipment. The Race Jury may at any time prohibit any other item of equipment (other than essential cycling equipment) in its discretion and riders shall at all times comply with any such prohibition.
- 13.4 Inspection. The Race Jury reserves the right to inspect, at any time, any rider's bike, apparel, gear, equipment, components, and accessories used in the Race, in order to determine compliance with the Rules.

- 14.3 Timing Start. Timing will start at the applicable start time each Race day as set out in [Rule 10.2](#). The start line will remain open for 15 minutes after the start time.
- 14.4 Late Starts.
- 14.4.1 Any rider who cannot make his/her start time must report to the Race Jury at the start line within 15 minutes after the start time to request approval for a late start.

Wild Bear MTB stage race - Race Rules

- 14.4.2 No rider is allowed to start late without approval. If no approval for a late start is given, the rider will be considered a DNS, and therefore as a DNF for that stage.
- 14.5 Non-Starting. Any rider who does not start a stage at all will automatically be deemed a DNF for that stage.
- 14.6 Team Finish Time. The team time is the time at which the second team member passes the stage finish line with no further separation than 2 minutes between the riders.
- 14.7 Individual Finish Time. Individual finish time is the time at which a solo rider passes the stage finish line.
- 14.8 Effect of Time Penalties. All time penalties under the Rules will be added to the rider's time for the stage in respect of which the penalty is given (and as such to GC time), but, pursuant to Rule 14.6, will not be taken into account in determining whether the rider has exceeded the Maximum Stage Time.

15 Maximum Stage Times

- 15.1 General. Maximum Stage Times are determined according to the length of each stage and the terrain to be covered, but may be adjusted at any time by the Race Director pursuant to Rule 14.2. Maximum Stage Times will be included in the Race registration pack. The Maximum Stage Time will not be adjusted for any rider who is permitted a late start and/or who started in a start zone with a later start time than his/her own.
- 15.2 Intermediate Cut-Off Points.
- 15.2.1 The Race Director may, at any times, designate intermediate cut-off points on each stage ("**Cut-Off Points**") which must be reached by specific times designated by the Race Director ("**Cut-Off Times**"), and may at any time impose additional Cut-Off Points and Cut-Off Times due to safety reasons.
- 15.2.2 Any teams that fail, or will in the sole opinion of the Race Director be unable, to reach any Cut-Off Point by the applicable Cut-Off Time will be prevented from continuing to ride, removed from the course, and classified as DNF for that stage.
- 15.3 The Race Jury has discretion to waive a Cut-Off Time for certain riders, in special circumstances such as mechanical problems or injured/sick team members, if the Race Jury believes the team or rider will ultimately be able to reach the *next* Cut-Off Point by the applicable next Cut-Off Time (or, as the case may be, to reach the finish of the stage within the Maximum Stage Time).
- 15.4 No Extensions to Maximum Stage Times. In all cases of maintenance and repair of bicycles or other equipment, riders are required to complete the full distance of the stage and must complete the stage within the Maximum Stage Time. Time spent on maintenance and repair will thus not entitle a rider to any extension of the Maximum Stage Time.
- 15.5 Time Penalties Disregarded. No time penalties under the Rules will be taken into account in determining whether the rider has exceeded the Maximum Stage Time.

16 SLOW BEAR RIDER

- 16.1 First Shortfall. Any team rider who does not complete a stage within the Maximum Stage Time for the first time will be classified as a "Slow Bear Rider". Slow Bear Riders may continue the Race (i.e., they may start the following stage), but will not be classified as official Race finishers.
- 16.2 Effect on the Team Member. Any rider, whose team member is a Slow Bear Rider, will (provided that such rider has completed all stages within the Maximum Stage Times) be entitled to continue riding in the Race and may qualify as a finisher, but will not qualify for any rankings. Riders can't enter the individual category in such a situation.

17 Abandoning or Cancellation of a Stage by Organisers

- 17.1 Organisers' Discretion. The Organiser may abandon or cancel any stage at any time, in their sole discretion, due to safety concerns or any other reason that they consider appropriate. In case of an abandoned stage, the following Rules will apply:
- 17.1.1 If three teams, or three individual riders (man plus woman) have completed the stage prior to the time at which it is abandoned, the stage will be classified as an official stage of the Race and count towards the GC results. Otherwise, the stage will not constitute an official stage and will be disregarded for purposes of the GC results.
- 17.1.2 Where an abandoned stage will count towards the GC results, each rider who is on the course (and otherwise not disqualified or withdrawn) when the stage is abandoned will be allocated a projected stage-finish time estimated by the Race Jury, where such estimate is calculated taking into account the stage winner's time, and based on the rider's position in the field at the time the stage is abandoned or the last timing point or other relevant point (e.g., Cut-Off Point, official water point, etc.).
- 17.1.3 Riders will be classified as DNF if, before the stage is abandoned, they withdraw from the stage or do not reach any Cut-Off Point by the applicable time.

- 23.2 Prohibited Assistance from Separated Riders. No rider may receive Physical Assistance from a Separated Rider, unless, at the time such assistance is provided, the Separated Rider is separated from his/her partner because such partner had withdrawn from the Race.
- 23.3 Towing/Pushing. Subject to the other provisions in this Rule 22, towing between or pushing of riders is permitted by direct hand contact (e.g., hand-to-hand or hand-to-bike), but is prohibited by means of any mechanical or physical devices (including without limitation a rope, tube, or cable).
- 23.4 Restriction on Ongoing Assistance. No rider may receive ongoing or excessively repetitive assistance from any other rider *whose team is in a different category*, even if the type of such assistance is otherwise permitted by the Rules.
